			Under the Alaska Open Records Law, A.S. Code § 40-25-110 et seq., I am requesting an opportunity to obtain copies of the following public records: A list of all midwives licensed under the BOARD OF CERTIFIED DIRECT-ENTRY MIDWIVES in the last 10 years in the form of a .csv or other electronic, text-based delimited file. I would also like copies of disciplinary documents, such as notice of intents and final orders, for midwives licensed under the board in the last 10 years and documentation of complaints filed against midwives in the last 10 years. I request all of this electronically. If this information cannot be sent electronically and will exceed \$10 in cost, please notify me. I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of health care. This information is not being sought for commercial purposes. I am a member of the media, and believe this information is in the public interest. It is worth noting that a list currently active professionals with any kind of license can be downloaded from your website. This does not fulfill my request, since I am asking for licenses that have been licensed in the last ten years, active or otherwise. Please respond to this request in a reasonable time period. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. I am interested in every single case listed and the conditions that were considered when approved for Probation w/ consent agreement and other forms of license status results like the first listing Surrender. I would like to know the background report for all cases that were even denied but also approved. This is because I am looking for what the board considers eligible when making their decisions to allow for probation or denial. I need to find similarities like my background record to show to my adviser who will help pay for the schooling as long as there is a chance that I will be considered for a license. If your still having difficulty understanding what it is that I am requesting feel free to contact me. However I think my main point is that I need there background report information, their Qualifications information, their Administrative record, or the data that specifies their continuing education results. Whatever further information that you can provide on the section of Regarding for the reasoning behind the License status (all license statuses). James Brooks	532	Banking & securities	8/7/2018	Good morning: This is a public records request under AS 40.25.110 for some records of the Division of Banking Securities. I'm requesting a list of all complaints against ANCSA corporations or corporation board members between Jan. 1, 2013 and present and the status of those complaints. I understand that the details of investigations are kept confidential while underway. I am requesting only a listing of complaints and the outcome of the complaint (or whether an investigation is underway). I would also appreciate it if the list includes the identity of the complainant, but I understand if that cannot be released. This request will not be used in pending litigation against the state of Alaska. I understand that if I want any copies, the charge is \$ 25 per copy, plus postage, payable when billed, which may be in advance of my receipt of the copies. I understand I may be charged handling costs if the records have been archived and for personnel costs if the time required to search or copy my request exceeds five person-hours in any calendar month. For a certified copy of records, there is an additional charge of \$25.00. I would request a fee waiver, as the information would be used for a public purpose (publication), and I would prefer digital copies of the information. I'm making the request on behalf of the Juneau Empire, 3100 Channel Drive, Juneau AK 99801. I can be reached at this email address or by phone at (907) 523-2258. 		The State of Nevada Board of Examiners for Social Workers (Board) is following regarding a Consent Agreement, Decision and Order (Consent Agreement), entered into between Gloria Mucino and the State of Alaska Division of Corporations, Business and Professional Licensing (Division), as it pertains to Case Number: 2017-000717. Based upon a copy of a final executed copy of the Consent Agreement (ordered by the Alaska Board of Social Work Examiners on or around January 2, 2018), it appears that Ms. Mucino had agreed to certain stipulations. These appear to be reflected in the "Decision and Order" on pages 3 through 5 of the Consent Agreement. The Nevada Board's policy requires an individual who has received an administrative action/ sanction by another licensing entity to provide proof that, "The individual has completed all restitution and requirement of the Board order. for the renewal of her Nevada Clinical Social Worker License, Number 6973-C. Presently, the Nevada Board's inquiry pertains to her compliance with the Order, to date. You may submit your written response to the attention of either myself or Karen Banzell, LSW, Executive Director. Please feel free to call our office should you have any further questions. 		<p>We are in the process of applying for a Georgia Board of Pharmacy license. As part of the application process, we are required to obtain a completed Certification of Licensure from each State in which a license is held.</p> <p>We currently hold an Alaska Business License (Number 1025567) attached, valid through December 31, 2018. As requested by the Georgia Board of Pharmacy, please find enclosed the Certification of Licensure for your completion, along with a \$20 check for the processing fee.</p> <p>I have been on your website looking for monthly or quarterly disciplinary actions or a newsletter that might contain the same and I've not been able to find anything.</p> <p>Under the Freedom of Information Action, I'd like to request a list of Alaska-licensed psychologists who have been disciplined—anything from a reprimand to a revocation—over the last three years. If you're able to provide a copy of the complaint/accusation and the final order, that would be ideal.</p> <p>I understand that there might be a fee for copies and I'd appreciate if you'd inform me ahead of time of any charges for copies. If, on the other hand, such documents are online and I can find them with a name search of a disciplined psychologist, then we can forego any copies; a lot of names will suffice.</p>		<p>5/18/2018 MZimmerman sent final response. 		<p>Thank you, Steve Wagner</p> <p>CHCR International</p> <p>My name is Meredith Unfried, and I was hoping to get some records of an incident that happened a few years ago</p> <p>My ex husband Jesse Michael Kendall (last 4 of social 5591) resided in Alaska with his current wife (Desree Anderson Kendall) and her two children. It is to my understanding, via multiple members of his family that they were both investigated for child abuse regarding Riley Anderson (May 28, 2005 DOB) and potentially his sister Samantha Anderson.</p> <p>Jesse Kendall has not seen or spoken to our children in over 3 years and is now requesting unsupervised visits (he is currently entitled to and has not exercised) as well as standard visitation. I do not feel this is in my children's best interest between both Jesse and Desree Kendall being in the household. There are also several other cases in Texas and New York of reported abuse, or of authorities being called.</p> <p>Jesse Kendall claims that he has severe PTSD and needs wife Desree to be his caretaker, while Desree Kendall claims she is unable to work due to MS and both are receiving Social Security Disability.</p> <p>Any information that I can obtain would be greatly appreciated from the State of Alaska and Children Services. I reside in San Antonio, Texas and they now live over 2 hours away in Killen, Texas.</p> <p>I am hoping to have this information as soon as available to present to my attorney, Chelsea Craddock. If you are needing anything else from me, I am happy to provide it. 			Ms. Zimmerman – Thank you for sending these documents. We are working on proposed edits to the Consent Agreement. I am hoping to forward that to you later this week. I do have a question about the Appendices. Can you help me understand the significance of the December 3, 2014 date in Appendix A, and the November 30, 2016 date in Appendix A and Appendix B? I would also like to follow up on my earlier due diligence request for copies of the precedential Board decision that the Division is relying on as a basis for declining to consider a non-disciplinary agreement in Dr. Schwartz's case. In particular, I would like copies of other Board decisions where the Board imposed similar discipline based on similar facts. The matrix you provided is merely guidance, not actual precedent in the form of decisions.

Scott Gerlach	402	Corporations, business & professional licensing	2/13/2018	<p>I am writing with a general inquiry regarding how the Medical Board interprets AS 08.64.345 and 12 AAC 40.930. These require a physician to report the outcome of malpractice claims or civil actions "in which damages have been or are to be paid, whether by judgment or settlement."</p> <p>My question is whether a waiver of debt at the physician's office is considered a "payment" that needs to be reported when that is done either to resolve a pending lawsuit or a threatened lawsuit. I know the NPSB does not consider the waiver of debt to be a reportable event and have been told by other attorneys that this also applies to AS 08.64.345 and 12 AAC 40.930 such that waivers of debt do not need to be reported to the Alaska Medical Board.</p> <p>This makes sense, but I did not see this expressly stated in the regulations or statutes I reviewed. Could someone please confirm whether or not a waiver of debt given to resolve a claim/action needs to be reported.</p> <p>Thanks in advance and please feel free to contact me if there is a need to discuss.</p> <p>Scott J. I'm contacting you because our client took a recertification class on the 16th of April 2016. Records/documentation that would be of assistance: an attendance roster showing she was indeed there and any log/record(s) that indicates how long it took her to complete the skills testing or how long the testing lasted. I'm able to provide a court order for the records, if needed, but before doing so I would like to confirm that they do exist and just exactly what records you have that would document her participation in the skills testing and the length of the testing. Sammy Benson	339	Corporations, business & professional licensing	10/26/2017	H Penny, My name is Ariel Wittenberg and I'm a reporter with E&E News, an energy and environmental news service based in Washington, D.C. I've been doing a bit of research into the 2008 Compensatory Mitigation Rule and have been trying to figure out how it works in Alaska. In particular, I have been trying to find out what happened to the 1994 policy statement about mitigation in Alaska once the 2008 rule was established. Luckily, I came across the Alaska Mineral Commission's 2016 report this morning (https://www.commerce.alaska.gov/web/Portal/Upload/2016AlaskaMineralCommissionReport.pdf), which mentions a 2009 Regulatory Guidance Letter the Corps Alaska District sent out regarding the 2008 rule. I'm wondering if you have a copy of that letter you could send me? It would be a huge help!			10/27/2017 Penny Gage sent final response. James McGowan	328 Corporations, business & professional licensing	9/28/2017	Hello Ms. Zimmerman, I spoke with Cathy Fagentrorn on Monday about getting copies of some records. She said I should write to you. Further, she said you might need a formal records request - but that I could try a simple email first. What I am looking for is this: For this corporation there was an attempt in 2014 to file the 2010 and 2014 biennial reports. Because the corporation had been involuntarily dissolved in 2011, these late biennial reports were not accepted. Cathy said that your office returned them to the sender, but saved copies of the submissions and the envelope in which they arrived. What I seek is a copy of everything that was sent to your office, including a cover letter if there was one, and a copy of the envelope in which these items were sent to you. If any or all of these items have "received" stamps from your office, I hope I will be able to see that. If there is any cost associated with this, I would be pleased to pay it. If you want to send me these items electronically (that would be my preference), please use this email address. If you must send them by mail, my office address is: James W. Grant Callow	326 Commissioner's office	9/18/2017	Alaska named Lynne A. Kelsey. Her Alaska license number is PCO # 238. I am a lawyer licensed to practice law in Alaska. I represent two young women who are sisters and who met with Ms. Kelsey for counseling some years ago. Ms. Kelsey has recently claimed she is still owed some money for that counseling. (She turned the matter over to a collection agency last March.) I want to discuss a number of issues concerning that matter with Ms. Kelsey. In addition, my clients want her to provide copies of certain records she has for the time they saw her as a counselor. Despite my best efforts, I have not been able to find any current contact information for Ms. Kelsey so that I may discuss these issues with her. Therefore I am writing to ask that you provide me with Ms. Kelsey's current contact information, including the location of her office; a current, valid mailing address and working phone number; and the name and address of any lawyer who represented her in the disciplinary action taken against her in recent years. In case you want or need additional information, I am providing it in the remainder of this email, along with my client information. I first wrote to Ms. Kelsey on February 14, 2013, to respond to her claim against my clients for allegedly unpaid fees. The letter also asked her to provide me with copies of certain records associated with the time my clients sought counseling from Ms. Kelsey. My letter and request went unanswered, as did subsequent follow-up letters I sent the following November in response to her additional demanding demands served on my clients. As noted, Ms. Kelsey's fee claims arose again last March when she turned the claims over to a collection agency here in Anchorage. Despite my best efforts, I have been unable to find and contact Ms. Kelsey. Apparently, Ms. Kelsey's office is no longer on Denali Street, an address for her that is available on the Internet. The local phone number for Ms. Kelsey that is available on the Internet is no longer in service, and the phone number provided on what appears to be the website for her practice gives a number with a Colorado area code (707) rather than Alaska's 907 area code - a typo? In my search to find her, I found that Ms. Kelsey is "on probation" as a result of her failure to respond to a request from another person to provide counseling records, and that according to the terms of the "Consent Agreement" she entered into, she must repay the board interest of her whereabouts. See Case Nos. 2013-001-437 and 2013-000808. 		Good morning, Ms. Enghrist: This is a public records request under AS 40.25.110 for some records of the Alcohol and Marijuana Control Office in the Alaska Department of Commerce. If I'm not doing this correctly, please let me know! In addition, if you're not the correct contact for this, I'd appreciate being directed in the proper direction. I'm requesting a copy of the Notice of Violation sent to Amaga Distillery and any correspondence relating to the notice, whether from Amaga or the state. This request will not be used in pending litigation against the state of Alaska. I understand that if I want any copies, the charge is \$ 25 per copy, plus postage, payable when billed, which may be in advance of my receipt of the copies. I understand I may be charged handling costs if the records have been archived and for personnel costs if the time required to search or copy my request exceeds five person-hours in any calendar month. For a certified copy of records, there is an additional charge of \$25.00. I would request a fee waiver, as the information would be used for a public purpose (publication), and I would prefer digital copies of the information. I'm making the request on behalf of the Juneau Empire, 3100 Channel Drive, Juneau AK 99801. I can be reached at this email address or by phone at (907) 523-2258. 		Good morning, Ms. Enghrist: This is a public records request under AS 40.25.110 for some records of the Alcohol and Marijuana Control Office. I wasn't able to find a specific form for the office, so I'll include the information here, and if you want me to resubmit with a given form, I'll do that as well. In addition, if you're not the correct contact for this, I'd appreciate being directed in the proper direction. I'm requesting copies of any correspondence between the U.S. Department of Justice and AMCO between Jan. 1, 2017 and Aug. 14, 2017. This request will not be used in any pending litigation against the state of Alaska. I understand that if I want any copies, the charge is \$25 per copy, plus postage, payable when billed, which may be in advance of my receipt of the copies. I understand I may be charged handling costs if the records have been archived and for personnel costs if the time required to search or copy my request exceeds five person-hours in any calendar month. For a certified copy of records, there is an additional charge of \$25.00. I would request a fee waiver, as the information would be used for a public purpose (publication), and I would prefer digital copies of the information. I'm making the request on behalf of the Juneau Empire, 3100 Channel Drive, Juneau AK 99801. I can be reached at this email address or by phone at (907) 523-2258. Thank you for your time, and if you need any additional information to process this request, please let me know. I would appreciate a note that you have received this request, and I'll follow up by phone. 		Dear Dawn, I'm a reporter with the New England Center for Investigative Reporting and I would like to request the following records. Under the Alaska Open Records Law, A.S. Code §40-25-110 et seq., I am requesting an opportunity to obtain online copies of the following public records. 1. An excel spreadsheet which includes a list of all licensed massage facilities in Alaska: name of business, names of owners, license number, issue and expiration dates and addresses of the locales. 2. In addition, I would like data including all state inspection reports or violation reports for massage parlors found to be providing illicit sex services in AK. Please let me know in advance of any search or copying if the fees will exceed \$20. If access to the records I am requesting will take longer than a reasonable amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. I am also including in this request, a copy of all correspondence, not published online, with the Kental Peninsula Borough, Tyonek Native Corporation and Native Village of Tyonek that has been received by the DCCED staff in regards to the Nikiski Incorporation petition. I understand that the LBC staff have applied the public records regulations AS 40.25.110 to the petitioner's requests for information, but do not believe they should apply to a process where the LBC staff has access to any/all information they deem necessary without any maximum time limits (i.e. 5 hours per month) being applied, while the petitioner does not have the same access to such information, and is expected to reply or consent within specified time limits with those limitations. For due process, the petitioner should have full and open access to all data, communications and documents received or reviewed by the LBC staff in investigating the petition and developing the staff report, well before any petitioner reply or comments are due, without having to request this information under AS 40.25.110. Electronic copies are preferred. Please forward to info@nikiskin.org. Thank you for your time and consideration to provide the requested information. Rachel Mendelson	249 Corporations, business & professional licensing	3/23/2017	H Debra, At the bottom of this email, you'll find a list of physicians who have been licensed in your jurisdiction. For each doctor, we are requesting public information related to credentials, including specialty, middle name, and date and place of medical school graduation. In some cases, we are also requesting disciplinary records and licensure applications. Our deadline is March 31. We are seeking this information for an ongoing project that examines the regulation processes involved in the licensing of physicians in jurisdictions across North America. We're particularly interested in disciplinary outcomes and how this information is shared between medical boards and colleges. Early in our process, we may have reached out to your organization for additional credential and/or disciplinary information on particular doctors when the public records we sought were not posted online. In the interest of efficiency, we have finished our first phase of research and are now approaching each agency with what we hope is a complete list of names. Please let us know if you have any questions. We realize that this may be a time-consuming request. But we believe the work we ultimately publish based on this research will contain important insights about the movement of disciplined physicians across state and national borders that will prove valuable to regulators and the public. We appreciate your time and continued assistance. 			Good morning, Ms. Enghirst: This is a public records request under AS 40.25.110 for some records of the Alcohol and Marijuana Control Office. I wasn't able to find a specific form for the office, so I'll include the information here, and if you want me to resubmit with a given form, I'll do that as well. In addition, if you're not the correct contact for this, I'd appreciate being directed in the proper direction. I'm requesting budget documents for AMCO containing an itemized listing of fees collected by the office in FY16 and FY17 (through Oct. 31, 2016) with a breakdown between marijuana and alcohol and what fees generated what revenue. I'd also like to see a breakdown of expenses for the office during that period. This request will not be used in pending litigation against the state of Alaska. I understand that if I want any copies, the charge is \$ 25 per copy, plus postage, payable when billed, which may be in advance of my receipt of the copies. I understand I may be charged handling costs if the records have been archived and for personnel costs if the time required to search or copy my request exceeds five person-hours in any calendar month. For a certified copy of records, there is an additional charge of \$21.50. I would request a fee waiver, as the information would be used for a public purpose (publication), and I would prefer digital copies of the information. I'm making the request on behalf of the Juneau Empire, 3300 Channel Drive, Juneau AK 99801. I can be reached at this email address or by phone at (907) 513-2154. Thank you for your time, and if you need any additional information to process this request, please let me know. I would appreciate a note that you have received this request, and I'll follow up by phone.

I have been trying to remember back to my email with the Clinic back in December 2014. Remembering these emails would help me decide on whether to sign the Consent Agreement. Your letter makes a mention of emails that were sent on December 9 and 21, 2014. It sounds like maybe there was also some other written communication about my handling of client paperwork on December 31, 2014. Please mail or email me copies of these documents. On the phone, you stated that you would not or could not provide them, I assume because of privacy. However, these documents were apparently sent to me at the time. You identify them as notifications that the Clinic said they provided to me. Since the Clinic sent them to me, they obviously meant for me to have them and did not intend to keep them confidential from me. Please provide them as soon as you can, because I would like to make a decision on this Consent Agreement before the deadline of April 25, 2016 you have given to me. 				I contacted your office the other day, and as of yet no response. You and I have been in contact, and you made it clear that Alaska will not/can not pursue an investigation of doctor not practicing in your state although licensed in Alaska. What I need currently is information on Denise M. Hawks, psychiatrist, licensed in your state, had practiced in Seward. Specifically, I need to know if there are any complaints filed against her, and what dates these complaints were filed. Although Alaska cannot go after Ms. Hawks, the VA does have rules regarding her employment, and I need that information to possibly bring to the attention of the VA their mistake in hiring her. Such requests are handled in accordance with the Alaska Public Records Act, or APRA (AS 40.25.100 et seq.). Under APRA, the Division would normally provide a full response within 10 working days of receiving your request. However, by this email, you are notified the Division must extend that period by an additional 10 working days, in accordance with 2 AAC 96.325(d). This extension of time is because the normal 10-working day response period comes during a peak workload period[1] and because there is a need for consultation with an officer or employee who is absent on approved leave or official business (2 AAC 96.325(d)). Carole Johns Okamoto	125	Corporations, business & professional licensing	12/12/2015	Hi Angela, I never did receive the hard copy you mentioned below. But -I want to update you that I now have problems with the dental implants that Dr. David Nelson, Homer, Alaska implanted. I saw a dentist in Anchorage on December 10, 2015 who said I needed to see a dentist that is an orthodontist/specialist in the implant area. I met with the orthodontist on December 11, 2015 in Anchorage. This specialist dentist has referred to me oral surgeons to have two of the implants removed. (This saga just never ends.) I will need to return to see the dental/specialist doctor after the implants are removed to have another upper denture made as the structure of my mouth will change from the surgery removal of the implants. Please let me know who to call in Juneau to request all the information on my case so that I can forward the information to the new dentists that are helping me. Amy Lambert	107	Corporations, business & professional licensing	11/4/2015	<p>H Crystal, In our discussions with collection agencies and potential clients, we have found that some companies don't take the potential fines and penalties for operating without a license very seriously. We would like these companies to realize how serious the states are about this and, if possible, cite examples of penalties that have been assessed for noncompliance. We are planning to include an article in an upcoming Cornerstone Support Newsletter that will address the importance of licensing -- and the penalties for not doing so. Can you please answer the following questions? 1. What specific actions would your state take against a collection agency that was collecting on debts from your residents without a license? 2. If your state charges a fine, is that fine assessed per instance of illegal debt collection without a license or does the state assess a flat fine, regardless of the number of illegal events that have taken place? 3. Can you provide any examples or direct me to any published cases for reference? Thank you for your time. We understand how important licensing is in your state and our desire is to come alongside you to insure the collection agencies practicing debt collection in your state are licensed.</p>	Ward, Charles W (CED)	11/16/2015		<p>CWard is researching this issue. 11/16/15 CWard responded- will consider request closed if no response from requestor</p>	sites/GOV/publicrecordsrequestlog/Lists/DCCED	Item

			VIA EMAIL: laura.carrillo@alaska.gov Board of Chiropractic Examiners PO Box 110806 Juneau, AK 99811 Dear Board Members: I am writing you to address several concerns that my clients had following the Board meeting on Friday, September 18, 2015. During that meeting, the Board heard testimony from Drs. Bill McAfee and John Shannon with respect to their contract with Myoscience to administer the Ioversa procedure in the Interior. Following the testimony, the Board discussed Ioversa at length. During this discussion, several issues came to light that must be addressed. First, Dr. Heston indicated during the meeting that he had been in communication with an undisclosed individual from Myoscience with respect to the use of Idoxazine during the Ioversa procedure. At first, Dr. Heston indicated that he communicated with this individual on two occasions. By the end of the meeting, Dr. Heston asserted that he had communicated via email with this individual on four separate occasions. Nevertheless, this letter is to serve as a demand that the Board produce copies of any and all communications, by email or otherwise, with any individual from Myoscience with respect to the Ioversa procedure. Dr. Heston continued to argue throughout the meeting that Idoxazine was a necessary component of the Ioversa procedure, despite communications from Myoscience to Drs. McAfee and Shannon offering to conduct the procedure without Idoxazine.

Evans</p> <p>I put in the complain that each one of Alaskan distillery products have to be made at least 51% in Alaska. You verified that is accurate. I made a complaint about the Permafrost Vodka made from Potatoes and it is correct that to get the logo on this product that it has to be made 51% in Alaska. So it takes 8 lbs of potatoes to make on bottle of Vodka. He has to cook and ferment these in order to make this product so I have been to his distillery and he has no such equipment to produce this. So if he needs this equipment to make this product in Alaska and put on his label that it is distilled and bottled in Wasilla how can this be when he has no equipment to produce this let alone doing 51% of this there. I am asking you or your supervisors to investigate this, and part of the freedom of information act as a government agency I would like to see the results of the investigation that has and will be done.</p> <p>I have been to his distillery that is why I am questioning this and use of the Made in Alaska Logo. If you don't care then I can understand also and as long as you get paid for use of this logo then that seems to pass the requirements. Bringing in stuff and labeling it doesn't qualify to be made in Alaska if it is made some where else. The BRN is a Health Oversight Agency, which is mandated by Business and Professions Code Sections 201.6 and 2708.1 to protect the public. The investigators of the Division of Investigation (DOI) are peace officers per Penal Code Section 830.3. Pursuant to Business and Professions Code Section 360, DOI is authorized to conduct investigations on behalf of the Department Consumer Affairs Licensing and enforcement agencies. I am investigating allegations that Melanie Israel, Registered Nurse, has used different names, birthdates, and social security numbers, to apply for RN Licenses in multiple states. Israel may be the victim of identity theft. I believe that the Alaska Board of Nursing received an application for licensure and issued a license to Israel prior to the start of the identity theft. Her Alask RN License number is 26347. John DesMariseau	73	4/21/2015	I am writing a memoir about the year (1976-1977) I spent as the GP-Surgeon working for the Canadian federal government in Inuvik in Canada's Northwest Territories. As part of the memoir I am researching people who acted as an impostor surgeon, because the person I replaced was in fact just that. He was an Italian immigrant, who had not graduated from medical school. Yet me managed to fool the Canadian government, and those with whom he worked, until one day an Interpol arrest warrant surfaced and he was deported back to Italy. The only other impostor surgeon I can find in history in either the 20th or 21st Centuries was Ferdinand Waldo Demara, who was immortalized in the 1961 film The Great Impostor. Although it may be embarrassing for the State of Alaska to admit, since 1950 has a person who turned out to be an impostor surgeon ever been granted an Alaska license to practice medicine? If so, I would be grateful for any information you can provide. If not, then I can check Alaska off my list. Your help in this matter will be recognized in the acknowledgements in my book. 			Your reply therefore raises the following question: Why was it necessary to initiate investigation number 2014-002499 and contact the Honorable Senator to attain compliance if, on December 22, 2014 the licensee was already in compliance? Your reply has also heretofore been limited to providing me with representations, while I seek writings. Accordingly, please provide copies of the following records which would indicate: 1. The date upon, manner by which and individual by whom Senator Stedman was contacted to seek the Senator's compliance with Alaska's business license statute, pursuant to or in anticipation of a licensing investigation to be initiated. 2. The date upon which Senator Stedman tendered remittance for business license fees due and payable 3. The manner by which said remittance was tendered by licensee Stedman or designee thereof (e.g. personal check, credit card, cash, etc.) 4. The location and identity (if received via an over the counter transaction) of the individual receipting payment from licensee Stedman I also note my December 23, 2014 complaint to you of Mr. Stedman's apparently unlicensed business activities as a registered advisor for KMS Financial Services, however there does not appear to be any indication that said enterprise currently has a business license as appears to be required. http://money.usnews.com/financial-advisors/advisor/bert-stedman-1432478 Please provide copies of any writings which would evidence any enforcement action against KMS Financial Services that your department has taken in response to apparently unlicensed activities of said company. Please respond to this request within 10 days.

			I understand you've been in contact with Division Director Sara Chambers regarding your request for certain investigative files related to a complaint filed by Eric Clark against Robert Jones. While I understand you and Sara may have further conversations regarding this matter, I'll be happy to provide the documents you've requested to the fullest extent possible. Requests for records are governed by the Alaska Public Records Act (APRA) and the regulations adopted to further its goals. The full text of APRA can be found at AS 40.25.110 et seq., while relevant regulations can be found at 2 AAC 96.100 et seq. Links to both of these can be found below: http://www.legis.state.ak.us/basis/statutes.aspx#40.25.110 http://www.legis.state.ak.us/basis/statutes.aspx#2.96.100 Generally, the Division is required to provide the requested documents within 10 working days of receipt of the request [2 AAC 96.325(a)]. However, under certain circumstances, the Division can extend this time period by an additional 10 working days [2 AAC 96.325(d)]. I'll let you know if this extension becomes necessary. Additionally, the Division may charge fees to copy documents [2 AAC 96.360], if the search for the records and the time required to reproduce them exceeds five person-hours, the Division must charge the requester for that search [AS 40.25.110(c)]. I'll let you know if any charges are due. While the Division is committed to fulfilling your request in a timely manner, sometimes certain records must be withheld to comply with Alaska law. Please see AS 40.25.120 for more on this. In the meantime, if you have any further questions, or need more information, please feel free to contact me by any of the below means. Sincerely, Charles Ward Paralegal II Department of Commerce, Community and Economic Development Division of Corporations, Business and Professional Licensing P.O. 			I'm working on a story about a couple who bought a defective home from an owner-builder who was cited in 2012 following complaints that he was an unlicensed contractor. In an Oct. 2, 2014 letter to Kenai Peninsula Borough Mayor Mike Spavene, you referenced the case -- which was investigated in conjunction with the Department of Labor and Workforce Development, Division of Labor and Safety. I'd like to find a copy of that investigation and talk to someone in your office about what protections the state has in place for Alaskans who find themselves dealing with fraudulent corporations or businesses. I don't see a reference to a specific case number in this letter, but I'd be happy to forward it along if you're unsure of the specific case that I am referencing. The victims are Eric and Rae Clark, residents of the Katikattuy Beach area on the Kenai Peninsula. Thank you for your help. Rashad McChesney Peninsula Canon			Ms. McChesney: Please find the records responsive to your request of January 20, 2015 attached. The response is 103 pages. Please send payment of \$35.25 to cover the copying costs associated with this request, pursuant to AS 40.25.110(a) and 2 AAC 96.240(a). You can send a check payable to the "State of Alaska" to my attention at P.O. Box 110806 Juneau, AK 99811-0806, or you can use the attached credit card payment form. Please let me know if you have any questions or need any additional information. Sincerely, Charles Ward charles.ward@alaska.gov
